Summary

Computer Engineering graduate who enjoys building things for the web. I have picked up full-stack development through internships and side projects, mostly working with Spring Boot on the backend and React.js on the frontend. I like writing clean code, learning new tools, and shipping features that actually work.

Education

Madhuben And Bhanubhai Patel Institute of Technology

Jul 2022 – May 2026

Bachelor of Technology in Computer Engineering (CGPA: 8.32)

Anand, Gujarat

Experience

Emgage HRMS

Sep 2025 – Present

Full Stack Developer Intern

Anand, Gujarat

- Developed and maintained HRMS modules using Spring Boot and React.js.
- Built reusable UI components with MUI and integrated backend REST APIs.
- Worked with PostgreSQL for database operations and query optimization.

Tech Elecon PVT LTD

May 2025 – June 2025

React.js Intern

Anand, Gujarat

- Built LMS modules and an Online Code Compiler using React.js.
- Implemented API integrations, React Router navigation, and responsive UIs.

1M1B Foundation

Sep 2024 – Nov 2024

GenAI Intern

Remote

- Built AI-powered applications including a Code Debugger and Mental Health Chatbot using LLMs.

Projects

Conduit – CI/CD Visibility Platform | *Spring Boot, Next.js, TypeScript, Docker, TailwindCSS*

- Centralized dashboard for real-time CI/CD pipeline monitoring with role-based access and Docker support.

Intern Learning Management System | *Next.js, Supabase*

- LMS for interns with authentication, role-based access, progress tracking, and real-time data integration.

CropCare – Farmer Assistant Platform | *Next.js, Supabase, Gemini*

- AI-powered platform providing farmers with crop guidance and smart recommendations via Gemini.

Technical Skills

Languages: Java, JavaScript, TypeScript, Python, SQL

Frontend: React.js, Next.js, MUI, TanStack, Zustand, TailwindCSS

Backend: Spring Boot, Node.js, Express.js, REST APIs

Database: PostgreSQL, MongoDB, Supabase, Firebase

Tools & Platforms: Git, Docker, Jenkins, Vercel, Render, VS Code, IntelliJ

Extracurricular

Training And Placement Cell

Jan 2025 – Present

Training And Placement Coordinator

Madhuben And Bhanubhai Patel Institute of Technology

Code Unnati Innovation Marathon

March 2025

Finalist, Team Lead

Gujarat Technological University

Certifications

Containers w/ Docker, Kubernetes & OpenShift
Getting Started with Git and GitHub – IBM

Introduction to DevOps
Introduction to Cloud Computing
